1ST EUROPEAN HYDROGEN START-UP MEETING

What date? *January 14th*

What time? *2-4pm CET*

Initiated by H2UB.com – 1st European Hydrogen Start-up Hub

THE FOLLOWING AWAITS YOU:

✔ *Information*

Learn more about the goals and planned offers of the new H2UB especially for European start-ups

✔ *Presentation*

Present your start-up, your product or your business idea to an audience of industry representatives and industry experts!

✔ *Interaction*

Tell us what your current challenges are and what support requirements you have for H2UB

✔ *Networking*

Get to know other hydrogen start-ups and initiate a European H2 Startup Alliance with us as a new heavyweight in the market

✔ *New Impulses*

Develop new ideas with us on how we can jointly accelerate the activation of the hydrogen market

Aiming to build a lively and dynamic, Europe-wide hydrogen start-up ecosystem, with the new H2UB, we are creating a platform for and with you which supports the Europe-wide establishment and development of hydrogen start-ups - including H2 newcomers from the world of digital and mobility.
